

GUIDELINES AND CRITERIA TO SUPPORT ZONING APPEAL

AREA VARIANCE

In order to be entitled to an Area Variance, an Applicant to the Town of Alexander must show by documentation in the record that the benefit to the Applicant from the proposed variance will not outweigh the detriment to the health, safety, and welfare of the community and the neighborhood, if the variance is granted. (See Town Law §267-b(3)).

In making this determination the Zoning Board of Appeals shall consider the following factors, and the Applicant must respond to these questions with facts and circumstances and not merely repeat all or part of the questions.

1. Whether or not an undesirable change will be produced in the character of the neighborhood or a detriment to nearby properties will be created by the granting of the Area Variance.

2. Whether or not the benefit sought by the Applicant can be achieved by some method, feasible for the applicant to pursue, other than an Area Variance.

3. Whether or not the requested Area Variance is substantial.

4. Whether or not the proposed variance will have an adverse effect or impact on the physical or environmental conditions in the neighborhood or district.

5. Whether or not the alleged difficulty was self-created, which consideration shall be relevant to the decision of the Board of Appeals, but shall not necessarily preclude the granting of the Area Variance.
