617.20 Appendix B Short Environmental Assessment Form

Instructions for Completing

Part 1 - Project Information. The applicant or project sponsor is responsible for the completion of Part 1. Responses become part of the application for approval or funding, are subject to public review, and may be subject to further verification. Complete Part 1 based on information currently available. If additional research or investigation would be needed to fully respond to any item, please answer as thoroughly as possible based on current information.

Complete all items in Part 1. You may also provide any additional information which you believe will be needed by or useful to the lead agency; attach additional pages as necessary to supplement any item.

Part 1 - Project and Sponsor Information		
Name of Action or Project:	-	MANUAL TO THE PARTY OF THE PART
Project Location (describe, and attach a location map):		<u> </u>
Brief Description of Proposed Action:		
Name of Applicant or Sponsor:	Telephone:	
	E-Mail:	
Address:		
City/PO:	State:	Zip Code:
-		
1. Does the proposed action only involve the legislative adoption of a plan, ladministrative rule, or regulation?	ocal law, ordinance,	NO YES
If Yes, attach a narrative description of the intent of the proposed action and	the environmental resources that	at _ _
may be affected in the municipality and proceed to Part 2. If no, continue to		770 7770
2. Does the proposed action require a permit, approval or funding from any If Yes, list agency(s) name and permit or approval:	other governmental Agency?	NO YES
11 105, list agono y(5) mains and positive of approvia.		
3.a. Total acreage of the site of the proposed action?	acres	
b. Total acreage to be physically disturbed? c. Total acreage (project site and any contiguous properties) owned	acres	
or controlled by the applicant or project sponsor?	acres	
4. Check all land uses that occur on, adjoining and near the proposed action		
Urban Rural (non-agriculture) Industrial Comm		
	(specify):	
☐ Parkland		

5. Is the proposed action,	NO	YES	N/A
a. A permitted use under the zoning regulations?			
b. Consistent with the adopted comprehensive plan?			
6. Is the proposed action consistent with the predominant character of the existing built or natural		NO	YES
landscape?			
7. Is the site of the proposed action located in, or does it adjoin, a state listed Critical Environmental Ar If Yes, identify:	rea?	NO	YES
8. a. Will the proposed action result in a substantial increase in traffic above present levels?		NO	YES
b. Are public transportation service(s) available at or near the site of the proposed action?			
c. Are any pedestrian accommodations or bicycle routes available on or near site of the proposed act	ion?		
9. Does the proposed action meet or exceed the state energy code requirements? If the proposed action will exceed requirements, describe design features and technologies.		NO	YES
If the proposed action will exceed requirements, describe design features and technologies:			
10. Will the proposed action connect to an existing public/private water supply?		NO	YES
If No, describe method for providing potable water:			
11. Will the proposed action connect to existing wastewater utilities?		NO	YES
If No, describe method for providing wastewater treatment:	_		
12. a. Does the site contain a structure that is listed on either the State or National Register of Historic		NO	YES
Places? b. Is the proposed action located in an archeological sensitive area?			
o. 15 the proposed action focated in an archeological sensitive mea:			
13. a. Does any portion of the site of the proposed action, or lands adjoining the proposed action, contain	<u>.</u> [NO	YES
wetlands or other waterbodies regulated by a federal, state or local agency?	-		
b. Would the proposed action physically alter, or encroach into, any existing wetland or waterbody? If Yes, identify the wetland or waterbody and extent of alterations in square feet or acres:	1		
14. Identify the typical habitat types that occur on, or are likely to be found on the project site. Check a		pply:	
☐ Shoreline ☐ Forest ☐ Agricultural/grasslands ☐ Early mid-succession ☐ Wetland ☐ Urban ☐ Suburban	mal		
15. Does the site of the proposed action contain any species of animal, or associated habitats, listed		NO	YES
by the State or Federal government as threatened or endangered?	ļ		
16. Is the project site located in the 100 year flood plain?		NO	YES
Not no the project size is the size size size size size size size siz	-		
17. Will the proposed action create storm water discharge, either from point or non-point sources?		NO	YES
If Yes, a. Will storm water discharges flow to adjacent properties? NO YES			
toward	-		<u></u>
b. Will storm water discharges be directed to established conveyance systems (runoff and storm drain: If Yes, briefly describe:	s)?		
——————————————————————————————————————			
	—		

Watt the proposed action result in a change in the use or intensity of use of land?	18	3. Does the proposed action include construction or other activities that result in the impoundment of	f	NO	YES
19. Has the site of the proposed action or an adjoining property been the location of an active or closed solid waste management facility? If Yes, describe: 20. Has the site of the proposed action or an adjoining property been the subject of remediation (ongoing or completed) for hazardous waste? If Yes, describe: 30. Has the site of the proposed action or an adjoining property been the subject of remediation (ongoing or completed) for hazardous waste? If Yes, describe: 30. Has the site of the proposed action or an adjoining property been the subject of remediation (ongoing or completed) for hazardous waste? If Yes, describe: 30. Date: Interfirm THAT THE INFORMATION PROVIDED ABOVE IS TRUE AND ACCURATE TO THE BEST OF MY KNOWLEDGE Applicant/sponsor name: Date: Signature: Date: Signature: Date: Signature: Note: Otherwise available to the reviewer. When answering the questions the reviewer should be guided by the concept "linve my responses been reasonable considering the scale and context of the proposed action? No, or small impact mall impact mall impact on the extension of the proposed action? No, or small impact mall impact mall impact on the capture of the proposed action result in a change in the use or intensity of use of land? Will the proposed action impair the character or quality of the existing community? Will the proposed action result in an adverse change in the existing level of traffic or affect existing infrastructure for mass transit, biking or walkway? Will the proposed action capted in an adverse change in the existing level of traffic or affect existing infrastructure for mass transit, biking or walkway? Will the proposed action impact existing: a. public / private wastewater treatment utilities? Will the proposed action impact the character or quality of important historic, archaeological, architectural or aesthetic resources? Will the proposed action impact the character or quality of important historic, archaeological, architectural or aesthetic resources?			ľ		
solid waste management facility? If Yes, describe: 20. Has the site of the proposed action or an adjoining property been the subject of remediation (ongoing or completed) for hazardous waste? If Yes, describe: 21. AFFIRM THAT THE INFORMATION PROVIDED ABOVE IS TRUE AND ACCURATE TO THE BEST OF MY KNOWLEDGE Applicant/sponsor name: Date: Signature: Part 2 - Impact Assessment. The Lead Agency is responsible for the completion of Part 2. Answer all of the following questions in Part 2 using the information contained in Part 1 and other materials submitted by the project sponsor or otherwise available to the reviewer. When answering the questions the reviewer should be guided by the concept "Have my responses been reasonable considering the scale and context of the proposed action?" No, or small impact may occur No, or gradient and the proposed action create a material conflict with an adopted land use plan or zoning regulations? Will the proposed action impair the character or quality of the existing community? Will the proposed action have an impact on the environmental characteristics that caused the establishment of a Critical Environmental Area (CEA)? Will the proposed action result in an adverse change in the existing level of traffic or affect existing infrastructure for mass transit, biking or walkway? Will the proposed action cause an increase in the use of energy and it fails to incorporate resonably available energy conservation or renewable energy opportunities? Will the proposed action mispact toxisting: a public / private wastewater treatment utilities? Will the proposed action impair the character or quality of important historic, archaeological, architectural or aesthetic resources? Will the proposed action impair the character or quality of important historic, archaeological, architectural or aesthetic resources?	If	Yes, explain purpose and size:			
solid waste management facility? If Yes, describe: 20. Has the site of the proposed action or an adjoining property been the subject of remediation (ongoing or completed) for hazardous waste? If Yes, describe: 21. AFFIRM THAT THE INFORMATION PROVIDED ABOVE IS TRUE AND ACCURATE TO THE BEST OF MY KNOWLEDGE Applicant/sponsor name: Date: Signature: Part 2 - Impact Assessment. 11. Will the proposed action create a hazard to environmenta	l resources or human health?		
question in Part 2 that was answered "moderate to large impa element of the proposed action may or will not result in a sign Part 3 should, in sufficient detail, identify the impact, including the project sponsor to avoid or reduce impacts. Part 3 should may or will not be significant. Each potential impact should be	tert 3 - Determination of significance. The Lead Agency is responsible for the completion of Part 3. For every sestion in Part 2 that was answered "moderate to large impact may occur", or if there is a need to explain why a particular ement of the proposed action may or will not result in a significant adverse environmental impact, please complete Part 3 at 3 should, in sufficient detail, identify the impact, including any measures or design elements that have been included by project sponsor to avoid or reduce impacts. Part 3 should also explain how the lead agency determined that the impact stay or will not be significant. Each potential impact should be assessed considering its setting, probability of occurring, ration, irreversibility, geographic scope and magnitude. Also consider the potential for short-term, long-term and mulative impacts.		
Check this box if you have determined, based on the information that the proposed action may result in one or more pot environmental impact statement is required. Check this box if you have determined, based on the information that the proposed action will not result in any significant	entially large or significant adverse impa ormation and analysis above, and any sup	cts and an
